## CAMP MEETING OPENS

Great Falls Institute Begins  
Third Session.

MANY STATES REPRESENTED

Rev. Zed H. Copp is Preacher at In-  
ital Service, Which is Attended by  
Hundreds—Bishops Wilson and  
Morrison Will Make Addresses Be-  
fore the Gathering This Week.

With a large attendance from Wash-  
ington and the surrounding country, the  
third annual camp meeting of the Great  
Falls Biblical Institute opened at Great  
Falls, Va., last night with a song service,  
led by Prof. J. O. Lang, followed by a  
sermon by Rev. Zed H. Copp, who took  
as his text, "Grieve not the Holy Spirit."

Rev. Mr. Copp deplored the absence of  
the camp-meeting spirit among the  
church people of to-day and paid a high  
tribute to the sincerity of those who  
worshipped in this manner in days gone  
by.

The meeting will be opened this morn-  
ing with watch service at 7 o'clock, led  
by Rev. Richard Fielding. At 11 o'clock  
there will be a sermon by Rev. H. L.  
Hunt, who will also speak at 3 p. m.  
There will be a song service at 7 p. m.,  
followed by a sermon by Rev. E. A.  
Roads, of Remington, Va.

The clergy of the South are manifesting  
deep interest in the meeting, and at least  
seventy-five prominent preachers will  
speak at different times during the meet-  
ing. Among them are Bishop A. W. Wil-  
son and Bishop H. C. Morrison.

**Tents on Ground.**  
There are forty-two tents scattered  
about the grounds. The W. C. T. U. has  
a large tent, and many of the Sunday  
schools are represented. The grounds  
are lighted with electricity and is the only  
camp meeting so lighted in the State.

Nothing has been spared to make things  
comfortable and pleasant for those who  
will attend the meetings. Meals can be  
had on the grounds, and spare tents have  
been put up to serve those who might  
wish to stay over night.

Saturday, August 20, will be given over  
to the Washington District Sunday schools,  
and drill in class instruction will consume  
part of the day.

A 20-minute car schedule has been ar-  
ranged, during office hours and the early  
morning, when a 10-minute service  
will be given.

**PROBE INTO FREIGHT RATES.**  
Commission to Investigate Increases  
of Western Railroads.

The Interstate Commerce Commission  
yesterday ordered an investigation of pro-  
posed increases in freight rates of the  
Atchafalaya, Topeka and Santa Fe Railroads;  
the Chicago, Milwaukee and St. Paul  
Railway; the Chicago and Northwestern  
Railway Company, the Chicago, Rock  
Island and Pacific Railway; the Missouri  
Pacific Railway, the Toledo, St. Louis  
and Western Railway, and the Wash-  
burn, and their connections, eighty-  
five in number.

Hearings will be given the carriers to  
enable them to submit evidence to justify  
the increases.

**HOTEL BEING REPAIRED.**  
The George Washington to Be Re-  
modeled Throughout.

The George Washington Hotel, Fif-  
teenth street and New York avenue  
northwest, is undergoing remodeling and  
a wholesale renovation that is designed  
to make it an up-to-date hostelry. The  
exterior will not be changed. Bathrooms  
and lavatories will be installed, and all  
the corridors and halls renovated and re-  
frescoed.

The managers, Messrs. Miller & Knight,  
believe in the future of the hotel, and  
see confident the improvements will be  
easily justified. Mr. Miller built and  
managed the Maryland Hotel, at Lona-  
coning, Md.; later the Sherwood Hotel,  
in Georgetown, Va., and then the Belden,  
in Atlantic City. He also had charge  
of the Vendome in this city for three  
years. He manages a number of apart-  
ment houses here in addition to the  
George Washington Hotel.

**NATIONAL LODGE ENTERTAINS.**  
District Deputy and Baltimore Dele-  
gation Are Guests.

National Lodge, No. 130, I. O. F., Sons  
of Judah, held its regular meeting and  
installation of officers Sunday at its  
home, Fifth and G streets northwest. Dis-  
trict Deputy Grand Master Wolfe, ac-  
companied by a large delegation of breth-  
ren, came from Baltimore to enjoy the  
occasion.

Remarks were made by the visitors  
and an invitation extended to National  
Lodge to visit Baltimore and enjoy its  
hospitality. The following officers were  
installed: S. Steiner, president; A. N.  
Roberts, treasurer; I. Small, secretary;  
J. Moses, guardian; I. Berlin;  
trustees, A. Stern, S. Freidenberg, Louis  
S. Klar.

**TAFT MAY NAME KNAPP.**  
Slated to Head Commerce Court, Ac-  
cording to Report.

Officials of the Interstate Commerce  
Commission are interested in the report  
now rife that President Taft is going to  
appoint Chairman Martin A. Knapp to  
head the new court of commerce, for  
which provision was made at the last ses-  
sion of Congress.

Mr. Knapp has been on the commission  
for many years, and it is generally be-  
lieved that he will be offered the place,  
as he is thoroughly versed in the railroad  
question in all its phases. As chairman  
of the Interstate Commerce Commission,  
he has been conservative at all times.

**Forty More Postmasters Named.**  
Postmaster General Hitchcock has an-  
nounced the appointment of forty or  
more postmasters, including the follow-  
ing in the East:

### DOGS TAKE GAS.

Forty Canines Met Death at Dis-  
trict Pound.

Forty stray dogs passed to the happy  
hunting ground at the District pound  
yesterday. Gas was used to send the  
canines to their heaven.  
There may be more to-morrow. Pound-  
master Einstein thinks. A large number  
of people are calling up the pound and  
requesting that their little pets be put to  
death rather than go to the trouble of  
complying with the rules and regula-  
tions governing muzzling.

Mr. Einstein says when the students of  
the Bureau of Animal Industry and the  
Marine Hospital Service take up their  
winter's work, the death of an im-  
pounded dog will not always be as pain-  
less as it has been. Many animals will  
be vivisectioned.

### LAND SWINDLING KNOWN.

Reclamation Service Issues State-  
ment on Dishonest Operations.  
"An organized band of swindlers, pos-  
ing as real estate men," is the way the  
Reclamation Service characterizes cer-  
tain Westerners who are operating with  
land in the Yakima Indian Reservation  
in Washington.

According to the officials, the "swin-  
dler" are advertising an opening of land  
on the reservation named, whereas no  
opening is contemplated. The Reclama-  
tion Service has issued a statement on  
the subject.

### MEYER OFFERS \$100 REWARD.

Several Pieces of Stolen Jewelry  
Recovered in Baltimore.

Circulars containing a description of the  
\$750 worth of goods stolen Thursday night  
from the military and curios store of  
S. N. Meyer, 1231 Pennsylvania avenue  
northwest, and offering a \$100 reward for  
information leading to the arrest and con-  
viction of the thieves, were last night  
sent out by Maj. Sylvester.

Information reached Central office last  
night that several small articles of the  
lost had been recovered by the Baltimore  
police. The articles had been sold by  
two white men yesterday afternoon. A  
description of the two men was sent here,  
and Detectives Evans and O'Dea were  
bustily engaged last night in an inspection  
of the Rogues' Gallery.

The police believe the job was the work  
of professional crooks, who will be soon  
identified through the police departments  
of some large city.

### REPORT ON AGRICULTURE.

Hilly Lands in New York State De-  
preciated in Value.

The Department of Agriculture has pub-  
lished a report on "agricultural conditions  
in Southern New York."  
Suggestions are made for certain im-  
provements that it is believed would at-  
tract settlers to that section of the State.  
The report discusses the hill lands in parts  
of nineteen counties in Southern and  
Eastern New York, which, it is stated,  
have depreciated in value from \$5 to 75  
per cent.

### WILL GO TO ENCAMPMENT.

Ellen Spencer Mussey Tent to Send  
Big Delegation.

Ellen Spencer Mussey Tent, No. 1,  
Daughters of Veterans, at their semi-  
monthly meeting last night, acted favor-  
ably upon several applications for mem-  
bership. The report of the committee on  
lawn fete showed the affair to have been  
a great success. A large sum was real-  
ized for charity.

The president of the tent, Miss M. G.  
Spencer, is the delegate to the national  
convention of Daughters of Veterans to  
be held at Atlantic City in September in  
conjunction with the G. A. R. encamp-  
ment. Miss Spencer expects a large num-  
ber of the members of the local organiza-  
tion to accompany her to the convention.

### Child to Recover Completely.

The many friends of J. E. Mulligan,  
fisher in the foundry division of the  
G. F. O., will be pleased to learn that  
his four-year-old daughter, Edna, who  
on August 3, was taken to the Children's  
Hospital with an attack of infantile pa-  
ralysis, has recovered sufficiently to be  
removed to her home. By the constant  
care of her mother and the attention of  
the hospital physicians, she is on the way  
to complete recovery.

**Muzzle!**  
Muzzle the men who muzzle the dogs.  
Muzzle the trusts who muzzle the poor.  
Muzzle the money who muzzle the poor.  
Muzzle the man who hits liberty.  
Muzzle fallen on land and on sea.

lieve.

### FREED FROM ASYLUM.

Miss Emeline C. Upham Discharged  
by Order of Court.

Upon presentation of evidence that she  
possessed property giving an income of  
\$28 a month, and the promise of friends  
that she should want for nothing, Miss  
Emeline C. Upham, a veteran newspaper  
woman, was yesterday released from the  
Government Hospital for the Insane by  
order of Justice Barnard.

The woman lived in apartments at the  
Astoria. Several months ago, when she  
lay sick for some weeks without medical  
attention, friends obtained an examina-  
tion by the government physicians as to  
her sanity. Upon their report she was  
committed to the asylum.

### STRANGERS' CLUB ELECTS.

Miss Marie Jenkins Heads Newly  
Formed Society of City.

The action of several prominent citi-  
zens in throwing open the doors of a  
limited number of strangers in the city  
to spend an evening and meet congenial  
people is largely responsible for the or-  
ganization of the Strangers' Club, which  
was perfected at a meeting held at the  
Bliss Building last Friday night.

Miss Marie Jenkins was elected presi-  
dent. She has the support of many promi-  
nent and influential people. A prominent  
local citizen who is interested in the suc-  
cess of the movement has provided a club  
home for the organization in the United  
States Savings Bank Building, Fourteenth  
and U streets northwest. When the win-  
ter season opens one night each week  
will be set aside as club night and on  
these occasions musical and literary pro-  
grammes will be given and a social good  
time enjoyed.

### SIXTY TREATED FOR RABIES.

Patients Administered Pasteur Cure  
at Marine Service Laboratory.

Sixty patients were administered the  
Pasteur treatment at the hygienic labora-  
tory of the Marine Hospital Service  
during last year. This is only about half  
as many cases as were treated the first  
year, when the rabies infection was at  
its zenith. Assistant Surgeon Anderson  
has just submitted his annual report on  
the matter.

The laboratory arrangements have been  
greatly improved, arrangements having  
been made for sending out innocu-  
ating material, which is now supplied  
in standard form to all States applying  
for it. Since August 1, 1905, 561 treatments  
have been sent out in this way. Ten  
States were represented.

Of the sixty cases treated in the  
laboratory, none developed subsequent  
rabies. Dog bites caused most of the  
cases. Only five of the cases were classed  
as "severe."

### FIGHTING AGAINST CHOLERA.

Public Health Service Issues Rig-  
orous Quarantine Orders.

The Public Health and Marine Hospital  
Service is taking rigorous measures to  
prevent the introduction of cholera in this  
country.

Consular officers of the United States  
at Hamburg, Antwerp, and Rotterdam,  
and other continental and British  
ports are working under cable instructions  
which require them to detain steerage  
passengers from cholera infected districts  
in Russia and to disinfect baggage prior  
to embarkation for the United States.

Quarantine regulations at all ports are  
being strictly enforced.

### Get the Cheapest Flowers.

### Thrown from His Horse.

Severely injured by being thrown  
from his horse while on his way to this  
city yesterday, W. R. Wignin, thirty-two  
years old, of Fort Myer Heights, Va.,  
was removed to Georgetown University  
Hospital.

His horse became frightened at an au-  
tomobile, and Wignin was dragged some  
distance before he was able to stop the  
animal. His condition is not serious.

**Falls Off Car's Running-board.**  
While standing on the running-board  
of an Anacostia car last night, Arthur  
Paddell, twenty-four years old, of 201  
Nichols avenue southeast, lost his foot-  
ing and was thrown to the pavement. He  
was taken to Emergency Hospital and  
treated for a severe gash on the back  
of his head.

### NEW THEATER IN SOUTHEAST

Avenue Grand Will Be Opened To-  
morrow Night.

High Class Vaudeville and Motion  
Pictures Will Be Offered—Build-  
ing Is Work of Art.

East Washington's first big theatrical  
enterprise will be opened to the public  
in the Avenue Grand Theater, 645 to 649  
Pennsylvania avenue southeast, to-mor-  
row night.

High-class vaudeville, new motion pic-  
tures, and musical attractions will be of-  
fered. The Avenue Grand Orchestra is to  
be a permanent feature, and eight acts  
a week are promised.

A work of art truly is the front of the  
building, being ornate with plate glass  
windows, forming an attractive addition  
to the architectural beauty of the neigh-  
borhood. Terra cotta and maroon is the  
scheme of the interior decorations, with  
trimmings of weathered oak. The ceiling  
is finished in white and gold, and the  
proscenium in green and gold.

J. H. M. Dudley and the Lee-Lash com-  
pany, of New York, designed and exe-  
cuted the scenery. Ventilating devices  
are the most modern and perfect found  
in theaters of this type. There are thirty-  
seven auditorium windows, a plan used  
largely in European theaters, but which  
has not been adopted in this country.

There are four eighteen-inch exhaust  
and inlet fans, two large four-blade ceil-  
ing fans, eleven sixteen-inch wall fans,  
five four-foot star ventilators in the roof,  
and stamped art ventilators in the ceil-  
ing complete the ventilation facilities.

Seven exits have been provided, which  
will empty the house with perfect ease  
in case of fire. Four open on Pennsyl-  
vania avenue, two on an improved alley,  
and the other on D street.

The seating capacity is unusually large,  
by reason of a spacious and comfortable  
balcony. On the east side of the bal-  
cony is an elegant retiring room for  
ladies, and on the west side a well-  
equipped lavatory for men. A well-known  
brand of spring water will be served  
all patrons free.

Beginning with Monday, September 5,  
there will be regular Monday and Sat-  
urday matinees, with Sunday night con-  
certs of a high order.

### PETER WAS DILATORY.

Attacked for Failure to Pay for Re-  
gatta Lunch.

As the result of a dispute over the re-  
gatta races yesterday afternoon, Peter  
Nelson, of 43 Myrtle street northeast, was  
attacked by two companions about 10  
o'clock last night. He was sent to Em-  
ergency Hospital.

Carl Shedd, of 222 Ninth street north-  
east, and William Roessler, of 312 L  
street northwest, each charged with as-  
sault, are held at the harbor police  
lockup.

The three men had witnessed the races  
from Roessler's launch, and an agree-  
ment had been made to share equally in  
the expense of the trip. Nelson is said  
to have been dilatory when the time for  
settlement came. He was badly bruised  
about the face and hands.

Canal Commission Awards Contract  
to Simons, of Scotland.

For the reason that satisfactory terms

necessary to go abroad to obtain a steel  
ladder dredge for excavating purposes on  
the Pacific end of the Panama Canal.

Only three bids were submitted—William  
Simons & Co., of Renfrew, Scotland,  
\$200,240; Lobnitz & Co., Ltd., of Renfrew,  
\$40,000, and the Union Iron Works, of  
San Francisco, \$57,116.

The lowest bidder being Simons & Co.,  
of Scotland, President Taft awarded the  
contract to that firm.
